STEPS FOR BUYING

1

STEP 1 Arranging Your Mortgage

Before you begin your property search, it is advisable to arrange your finances and, if required, have a mortgage agreed in principle. This will confirm how much money you will have to fund the purchase, which will ultimately influence your property search.

2

STEP 2 Register Your Interest

To register with us either by calling us on 87659800 or visit our office where you can discuss your property requirements with one of our sales specialist. You can also register your interest about a specific property online if you are short of time. With an extensive range of properties to choose from you can be rest assured we have just what you're looking for.

3

STEP 3 Finding the Right Property

Once we have a clear understanding of your requirements you will receive a selection of properties that match your criteria. We can also keep you constantly up-to-date via email when the latest properties become available and our weekly open homes. We can also advise you of listings before they hit the open market.

4

STEP 4 Making an Offer

Once you have identified a suitable property we will put your offer forward to the seller both verbally and in writing stating any special conditions of the offer. (Refer to Offer Submission Form on page 12). There are no legal obligations on either side until contracts are signed.

5

STEP 5 Instructing a Solicitor

The successful purchase of a property can be reliant on the instruction of an efficient and experienced solicitor. It is a good idea to use a solicitor who knows the area that you're moving to and specialises in conveyancing. We have a selection of tried and tested solicitors that are experts in property who we would be happy to recommend. Refer to page 17.

6

STEP 6 Offer Agreed

Once your offer is accepted we will do the following:

- Write to all parties to confirm the agreed price
- Ask you to confirm your solicitor's details
- Prepare a sales advice and issue to your solicitor/ conveyancer
- You will now need to instruct your solicitor to proceed with the conveyancing process and your mortgage broker to proceed with your application.

STEP 7
Conveyancing

As part of the conveyancing process your solicitor will have 5 business days to under take the following:

- Raise any enquiries on receipt of the draft contract from the seller's solicitor
 - Request their own local searches
 - Agree on a date for exchange of contracts
- We will assist your solicitor and negotiate throughout the process, keeping you informed every step of the way.

STEP 9
Pre Settlement Inspection

Within the week of settlement day it is advisable that you do a final inspection before settlement takes place. This is to ensure that the property is in the same condition as when you last inspected it, and that all inclusions are as per the contract you signed.

STEP 8
Exchange of Contract

Exchange of contracts generally occurs within 1-2 days of offer and acceptance and receipt of your 0.25% holding deposit. An immediate exchange will change the status of the property to "under offer" and safe guard against gazumping. Once the contract has been signed by both parties the deposit paid, a 5 day cooling off period will be granted allowing your solicitor to peruse the contract and conduct strata searches. Upon the expiry of the cooling off period the balance of 10% of the purchase price will be paid to Breakfast Point Realty and held in our Trust Account or a high interest bearing account (upon instruction) until settlement. The completion date is then set by mutual agreement.

STEP 10
Completion/Settlement

Completion is when the residual monies (usually 90%) are transferred from your solicitor to the seller's solicitor's. Keys are released upon receipt of the "Order on the Agent" from the vendor's solicitor confirming final settlement.

As an owner occupier at Breakfast Point, you will need to pay Strata Fees, Water Rates, Council Rates, Electricity and Gas usage.

Strata fees include the Community Association fees (Country Club and Community Property). Each building has an Owners Corporation where the Executive Committee employ a Strata Manager to manage the building. This broadly includes the maintenance of common area, gardening, cleaning and insurance.

Each apartment pays a strata fee based on their unit of entitlement as set out in the registered strata plan. Costs vary from building to building based on their size, facilities and number of lifts to maintain. All costs for each building are controlled by each building's Executive Committee and their yearly budget expenditure is put forward for approval at the Annual General Meeting each year.

Prior to purchasing a property at Breakfast Point your solicitor will recommend you carry out a search of the books and records of the Owners Corporation. This report will detail information as to the building's financial position along with any current issues. This report also confirms the amount of the strata fee.

Client Testimonials

Cilla at Breakfast Point Realty was an absolute pleasure to deal with, helping my wife and I find and purchase our 1st home. Through the whole process, Cilla was very helpful and a joy to work with in what can commonly be a stressful process.

Her positive attitude and energy helped keep us at ease and her great communication allowed us to stay looped in through the complete process from initial inspections, responding to queries, offer negotiations and right through to settlement.

Regan H

Can't say enough about Breakfast Point Realty and Stephanie Galante for making our second purchase in Breakfast Point in 10 years a stress free experience.

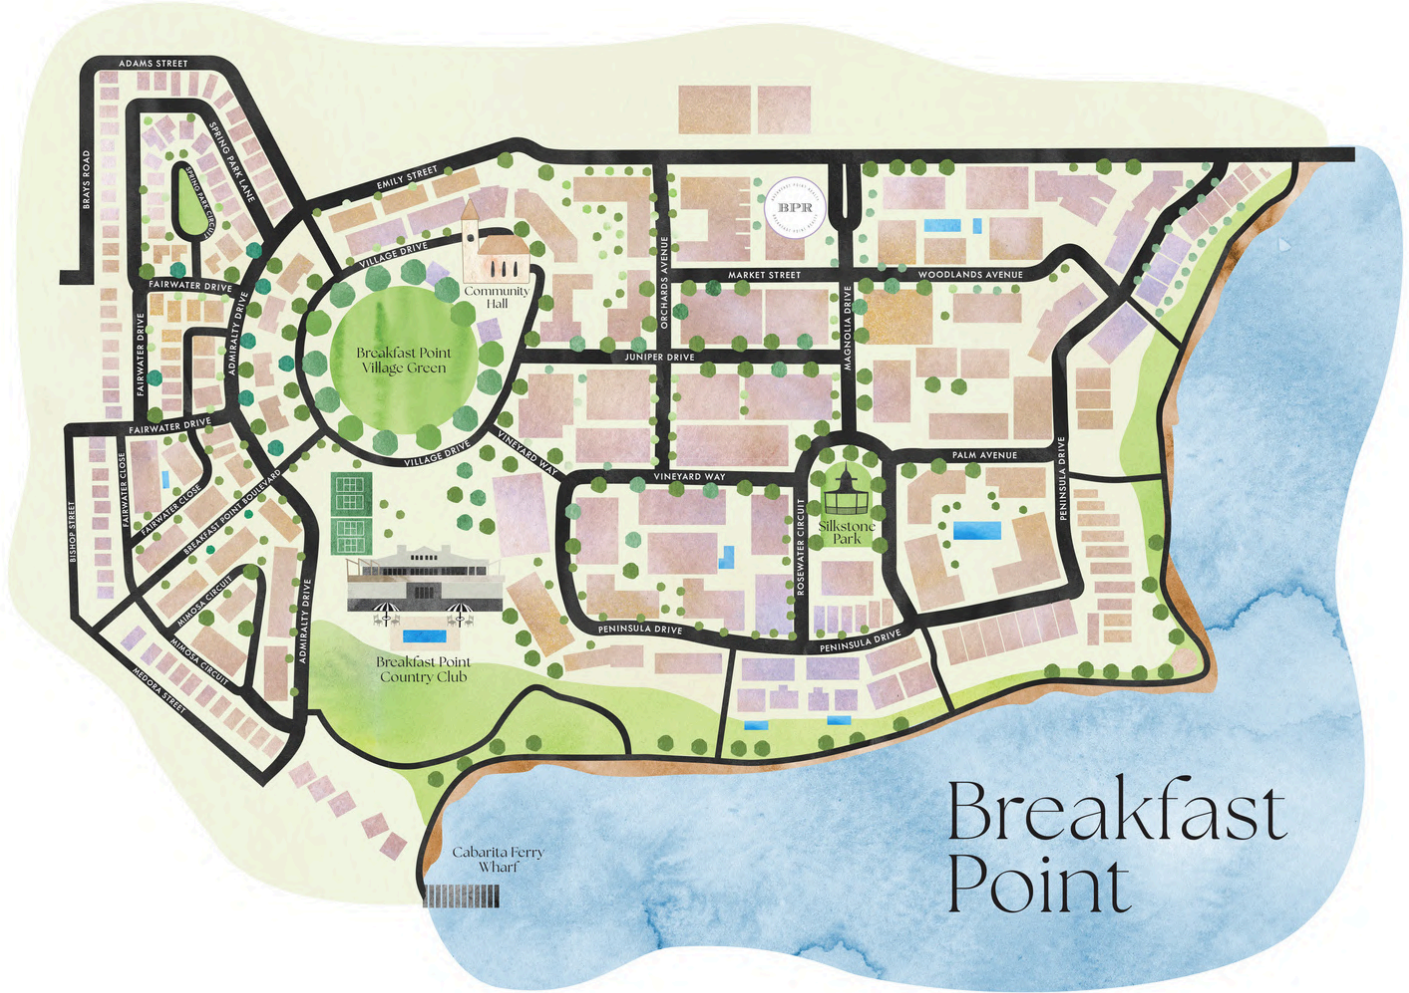

Stephanie helped find and purchase not only our first apartment but also second when deciding to move. She's approachable, knowledgeable and makes what can be a stressful experience, a smooth process. Would not hesitate in recommending Stephanie and the team at Breakfast Point Realty.

Stephen F

I highly recommend Rose Zhao at Breakfast Point Realty. I approached Rose to rent a 3 bed apartment on short notice when I couldn't find anything to suit and in highly competitive market with little stock available.

Rose went to work and found exactly what I needed and within budget. She has an excellent 'can do' attitude and understands she's dealing with people and personal situations. She made a stressful situation real easy. A complete professional.
